

## MAKES GERMANY ENORMOUS JAIL

Chancellor Denounces Peace Document as "Dreadful and Murderous."

## REMARKS ARE CHEERED

Philip Scheidemann Charges Deception on the Part of President Wilson and His Abrogation of His Promised Fourteen Points.

Berlin, May 14.—The German chancellor, Philip Scheidemann, has followed the lead taken by President Ebert.

In a statement to the national assembly, couched in language more forcible than that of Ebert, Scheidemann asserted that the peace terms are not acceptable to Germany.

Cheering from all the factions in the chamber, excepting from the benches of the Independent Socialists, greeted the chancellor as he characterized the treaty as a "dreadful and murderous" document which would make an enormous jail of Germany in which 60,000,000 people would have to labor for the victors in the war. The speaker charged deception on the part of President Wilson and the abrogation of his promised 14 points.

It is reported that Scheidemann has been informed by the leaders of the two democratic parties and of the parties of the Center that these factions will withdraw their representatives from the government if the peace treaty is signed.

Meantime the German plenipotentiaries at Versailles are continuing their work of assimilating the terms of the treaty and formulating such protests as they desire to make, while others of the delegation are in Berlin, discussing prospects with the government. Still another German note—the fifth—is to be delivered at the French foreign office.

Hungarians Are Encouraged.

Vienna, May 14.—Reports from Budapest say that the condition of the Hungarian Communist government appears to have grown stronger in the last few days.

The halt of the Roumanian advance has encouraged the Communists who believe the Roumanians undertook more than they were able to accomplish if their intention was to reach Budapest. Official announcement has been made that the Allied troops moving on Budapest were ordered last week to halt their advance by the Peace Conference.

## HONOR ENGLISH NURSE

All Brussels Pays Tribute to Heroic Edith Cavell.

Body Is Escorted to Train on Way to England by Troops and Thousands of Citizens.

Brussels, May 14.—The body of Edith Cavell, the heroic English nurse murdered by the Germans, escorted by honor guards of British and Belgian troops, was removed from the city where she faced a firing squad in 1915.

The heavy casket containing the body recovered from the graveyard where the Germans had rudely interred it, was placed on a gun carriage draped with the Union Jack of Great Britain. The troops both preceded and followed the cortege. There were many bands and thousands of silent spectators uncovered their heads as the first notes of the dirge sounded through the streets that had seen the Germans strut as conquerors in 1914, rule as conquerors four years and sink away defeated in 1918.

The procession passed slowly through the boulevards, the way being lined by thousands of people, including many soldiers in uniform. Flags flew at half mast.

At the railway station the funeral service of the Church of England was read by the Rev. Mr. Higahan, who was one of the last of Miss Cavell's friends to bid her farewell before she was taken out in the night to be executed.

At Ostend a British warship was waiting to carry the body to England. Two sisters of Miss Cavell and her brother-in-law, accompanied the body. The British nation will pay its last tribute to its heroine at a military funeral in Westminster Abbey.

There amid the tombs of the kings and great men of England will be an impressive ceremony with military honors. After the chief mourners will go with the casket to Norwich, Miss Cavell's home, where the body will be placed in the old churchyard.

Three St. Louis Banks to Be Merged. St. Louis, Mo., May 14.—Three large St. Louis banks—The Mechanics American National, St. Louis Union and the Third National—will be merged as soon as arrangements are completed.

## COMMANDER J. T. BOONE

Marine Corps Officer Awarded Croix De Guerre.

Lieutenant Commander J. T. Boone of the marine corps is the first navy man to be decorated in Washington for service with the A. E. F. Acting Secretary of the Navy Franklin D. Roosevelt pinned the Croix de Guerre in the secretary's office. Boone has been cited three times for bravery. He is a resident of Pottsville, Pa.

## CONTAINS 66 ARTICLES

German Envoys Present Plan for League of Nations.

One Provision Allows All Nations Taking Part in Great War to Become Members.

Paris, May 14.—The league of nations plan submitted by the Germans at Versailles and now in the hands of the peace conference committee on the league of nations contains 66 articles, together with a supplement setting forth the charter for an international labor league.

The special aims of the league of nations devised by the Germans are set forth as follows:

- "A—Prevention of international disputes.
  - "B—Disarmament.
  - "C—Securing freedom of traffic and general economic equality of rights.
  - "D—Protection of national minorities.
  - "E—Creation of an international workers' charter.
  - "F—Regulation of colonial questions.
  - "G—Unit of existing and future international institutions.
  - "H—The creation of a parliament."
- Another provision of the draft reads: "The league of nations shall comprise (A) all belligerent states taking part in the present war; (B) all neutral states included in the league arbitration league; (C) all others to be admitted by vote of two-thirds of the existing members. Entrance is reserved to the holy see."

## PERSHING PRAISES NURSES

Says Work of Red Cross Can Hardly Be Overestimated.

Washington, May 14.—The following cablegram was received at American Red Cross headquarters from General Pershing:

"The successful organization by the Red Cross of our nursing forces for war can hardly be overestimated. All of us in the American Expeditionary Force have only gratitude for these devoted women who cared for our comrades and brought many back to life and health. To the late Miss Delane, director of the department of nursing of the American Red Cross, we owe a special debt of thanks and admiration."

## CONGRESS TO FIX RETURN

Elihu Root Favors Turning Railroads Back to Owners.

St. Louis, May 14.—Compulsory federal incorporation of railroad government increases of income and the return of the roads to private ownership, were condemned by Elihu Root in a letter read before the Missouri Bankers' convention.

As an alternative Mr. Root endorsed the plan put forward by the Security Owners' association, under which congress would fix a fair rate of return for railroads of each rate-making district as a whole and require the rate-making authorities to fix rates which would presumptively yield that return.

## Borden Returning to Canada.

Paris, May 14.—Sir Robert Borden, the Canadian premier, is returning to Canada, according to Reuters Limited, because the political situation there is said to require his presence.

## Transport Luckenback Has Accident at Sea

(By United Press)

Boston, May 14.—The transport Luckenback arrived today with 2,350 troops from western states after an eventful sixteen days' voyage. The first day out from France she ran into a storm in which the ship rolled and tossed so violently that even hundred bunks collapsed injuring many soldier occupants. Col. W. T. Morrison, of Fairbault, Minn., in charge of the troops, said it was miraculous that none was killed. In mid-ocean one set of engines was disabled and sails were pressed into use.

## Poland Wants Part of German Warships

(By United Press)

Paris, May 14.—Poland has filed a request with the peace conference for part of the German fleet for defensive purposes. Granting this request would give Poland the first navy in her history, dating back thousands of years.

## Battleship Kansas Arrives With Troops

(By United Press)

Philadelphia, May 14.—The battleship Kansas arrived last night with fourteen hundred men of the 147th field artillery, mostly from South Dakota and Oregon. Governor Peter J. Norbeck of South Dakota welcomed the troops.

## BUY WAR SAVINGS STAMPS

Secretary Glass Points Out Investment Is Desirable.

Washington, May 14.—With the Victory Loan, the last great popular subscription issue of government securities closed, the importance of the War Savings Stamp as a continued feature of government finance was emphasized by Secretary Glass in a statement urging co-operation of bankers and merchants in placing this opportunity of investment before the American people. War Savings stamps, the secretary said, afford an excellent vehicle for increasing capital and earning power.

## STEEL FIRMS SUBMIT BIDS

Figures On Material for Warships Almost Identical.

Washington, May 14.—Eleven steel companies submitted practically identical bids for 14,000 tons of steel plates and shapes for the navy, duplicating the situation which caused the rejection of bids on the same material submitted April 4.

The steel is required for the construction of four battleships, two at the New York Navy yard, one at the Norfolk Navy yard and one at the Mare Island Navy yard.

## Protests Start Popping.

Cleveland, May 14.—Members of the Ministers' Union of Cleveland voted to protest to Governor Cox against the Dempsey-Willard boxing match in Toledo. The civic committee of the federated churches of Cleveland also will file protest, it is said.

## New Record Established For Wireless Communication

(By United Press)

Halifax, May 14.—The NC-4 arrived here this morning at 2:10 from Chatham. She was expected to leave shortly continuing her flight to Trepassey Bay. During the flight the plane established a new record for wireless communication. Commander Reed talked to the wireless telegraph station at Otter Cliffs, replying to a message from Assistant Secretary of the Navy Roosevelt. His reply was flashed to Panama, Paris and other world points from Washington, the whole transaction taking less than three minutes from the time of the original message.

## Navy Dirigible Also to Try Ocean Flight

(By United Press)

Washington, May 14.—The navy dirigible C-5 left Montauk Point, New York, for New Foundland, at eight o'clock, the navy department announced. If the dirigible makes a successful flight to St. John's, New Foundland, it is the intention for her to attempt the trans-Atlantic flight in addition to the three seaplanes.

Chatham, Mass., May 14.—The navy dirigible C-5 passed over the aviation base here at ten o'clock this morning on the way to New Foundland from Montauk. She was headed out to sea.

## Seaplane N. C. 4 Starts For Trepassey Bay

(By United Press)

Chatham, Mass., May 14.—The seaplane NC 4 started the flight for Trepassey Bay, N. F., at 9:00 o'clock this morning. Weather conditions are ideal. It may join the other two planes there in time to start the trans Atlantic flight.

## Italian Troops are Occupying Dalmatia

(By United Press)

London, May 14.—A New Agency dispatch from Belgrade today reported large Italian forces have been landed at Zara and Sebenico in Dalmatia, and were marching into the interior fortifying the mountain passes as they marched.

## Austrian Delegates Arrive in France

(By United Press)

St. Germain, France, May 14.—The Austrian peace delegation arrived shortly before six o'clock this evening.

## Demonstration Against Peace Terms in Berlin

BY JOHN GRAUDENZ (Staff Correspondent, United Press)

Berlin, May 14.—Fifteen thousand majority socialists made a demonstration in front of the Hotel Adlon Tuesday crying "Down with Wilson, down with the Americans." The tumult grew in front of the American headquarters until fifty soldiers arrived and cleared the streets. The crowd had gathered for a demonstration against the peace terms in front of the reichstag. They later surged down on the Hotel Adlon.

## Germans Begin Note Writing Habit

BY FRED S. FERGUSON, (United Press Staff Correspondent)

Paris, May 14.—The Big Four today received three new notes from the German delegation relative to the peace terms. Their nature was not disclosed. Seven communications concerning the treaty have thus been delivered to the allies.

## ATTACK LEAGUE COVENANT

Socialists Call It Instrument of Victorious Coalition.

Paris, May 14.—The League of Nations covenant was described as a league of governments and executives, rather than peoples and parliaments, in a statement issued by international socialists criticizing the peace terms and the covenant. It is declared that the covenant seems to be the instrument of a victorious coalition dominated by five great powers rather than an organ of international justice on which all nations ought to find a place.

## PRESS COMMENT IS BITTER

Italian Newspapers Continue to Denounce Treaty.

Rome, May 14.—The Italian press continues to comment bitterly on the terms of the German treaty. "Besides crushing Germany, the treaty crushes the Italian victory," said the Idea Nazionale. The Stampa referred to the conference on Italy's "second Caporetto." (Italy's defeat at Caporetto permitted the Austrians to advance from behind their own frontier to the Piave).

## WOULD BUILD 500 PLANES

Army Air Service Submits Plans to Secretary Baker.

Washington, May 14.—Contracts for at least 500 airplanes of the very latest types would be awarded American manufacturers under plans prepared by the army air service and sent to Secretary Baker for his consideration. The primary purpose would be to keep the industry in such condition as would insure its rapid expansion as to meet the requirements of the national emergency.

## AMERICAN QUARRYMEN KILLED

Dynamite Explosion in France Fatal to Several.

Dijon, France, May 14.—Several American quarrymen were killed and a dozen injured in a dynamite explosion at Is-sur-Tille, it is reported. Is-sur-Tille is 10 miles north of Dijon and 40 miles south of Chaumont.

## SIR EDWARD GREY

Amended Covenant of League of Nations Pleases Him.

Viscount Grey, former British secretary of state for foreign affairs, says in an interview that he is delighted with the amended covenant of the league of nations, having feared "that much less might be accomplished at the conference."

## LEADER IN HOUSE DEAD

Representative John L. Burnett of Alabama Stricken.

Was Chairman of the Committee on Immigration in the Last Congress.

Gadsden, Ala., May 14.—Representative John L. Burnett of the Seventh Alabama district, for several years one of the leading members of the house and chairman of the committee on immigration in the last house, died suddenly at his home here.

Mr. Burnett was one of the older members of the house, having been elected to the fifty-sixth congress and re-elected to each succeeding congress. In the last congress he was chairman of the house immigration committee. Mr. Burnett introduced bills for deportation of dangerous aliens and for the stopping of immigration four years after the declaration of peace.

It was believed that because of his activity in behalf of the two bills, Mr. Burnett was included in the list of more than a dozen government officials to whom internal machines recently were mailed.

## RESULT OF WILSON RULING

American Yards May Secure Big Foreign Ship Orders.

Washington, May 14.—Orders for possibly 3,000,000 gross tons of ships to be built for foreign account in American shipyards may be placed as the result of an order of President Wilson permitting such ships providing it could be done without interfering with construction of the American merchant marine. The President's action was announced in a statement at the White House.

The President's order, it was said, had been issued at the suggestion of Chairman Hurley of the Shipping board.

## SUBMITS COMPROMISE PLAN

American Ambassador Offers Solution of Italian Problem.

Paris, May 14.—Thomas Nelson Page, American ambassador to Italy, submitted to President Wilson a compromise plan by which Mr. Page believes the President's principles will be maintained and Italy be entirely satisfied.

The Italian representatives are reported to be evidencing more of a willingness to make concessions.

## "V" LOAN TOTAL \$177,000,000

Last County in Ninth District Turns in Report.

Minneapolis, May 14.—Cook county, Minn., the last county in the Ninth Federal Reserve district to raise its quota, went "over the top," thereby establishing a 100 per cent subscription record in the Ninth Federal Reserve district. Approximately \$177,000,000 has been subscribed in the district. The quota was \$157,500,000.

## Dry Officers Out on Bail.

Woodstock, Va., May 14.—Prohibition inspectors W. C. Hall, W. B. Anlevy, H. F. Sweet and J. A. Sullivan, indicted on the charge of killing Raymond Shackelford and L. D. Hudson, alleged bootleggers, were released on \$10,000 bond each to await trial at Manassas, June 1.

## Two Aviators Killed.

Tetuan, Morocco, May 14.—Two aviators were killed here in the fall of their airplane. Both were captains in the Spanish army.

## ORDERED NOT TO SIGN PEACE PACT

German Envoys Reported to Have Received Word From Berlin to That Effect.

## Fiume Solution Near

Brighter Prospects for Settlement of Italian Problem as Time for Arrival of Austrian Delegation Approaches.

Basle, May 14.—The Berlin correspondent of the National Zeitung reports that Chancellor Philip Scheidemann had informed journalists the German government will order its delegates not to sign the peace terms in their present form.

Paris, May 14.—Prospects for a solution of the Italian problem, which is a pressing one now that the Peace conference is about to receive the Austrian delegates, are brighter. Premier Orlando again called on Colonel E. M. House.

The Austrian delegation is on the way, some members being due to reach Paris within a few hours, with the chief plenipotentiaries arriving but little later.

Although it is not believed probable the Germans will refuse to sign the treaty, the Entente forces are prepared to advance into Germany if the enemy should reject the terms, it is said.

Teuton Opposition Continues.

The wave of opposition in Germany to the signing of the treaty on the terms presented shows no signs of subsidence. Both President Frederick Ebert and Chancellor Philip Scheidemann have made statements denouncing the terms. Neither of them, however, went so far as to state that Germany would not sign them.

In Chancellor Scheidemann's statement the possibility of a new government taking office in Germany was discussed, but the chancellor declared it was doubtful whether the formation of a government, "which would sign the peace terms," would be satisfactory to the Allies, the implication being that it would be ultraliberal in character.

Experts Examine Notes.

Experts of the Council of Four are examining the notes sent by Count von Brockdorff-Rantzau, head of the German mission, to Georges Clemenceau, president of the peace conference, relative to the repatriation of prisoners and the establishment of a new basis for international labor legislation along lines suggested by German experts.

A draft of the German plan for a League of Nations has been handed to the League of Nations commission of the peace conference.

Belief that Germany will sign the treaty after she has exhausted every subterfuge to ameliorate the terms, continued to grow today despite statements by the enemy officials.

## BAKER GIVES HIS APPROVAL

Favors National Guard Assuming Its Pre-War Status.

Washington, May 14.—Approval of the reorganization of the National Guard along the same lines as existed before the great war was expressed informally by Secretary N. D. Baker. The war department, he said, would favor the rebuilding of the guard so as to permit the various states to supply the same units as were used in making up the 16 divisions organized for service in France.

## PEACE IS NOT FINAL WORD

Chancellor Says Austria Must Dispose of Itself.

Basle, May 14.—The peace which Austria would make, would not be the final word, Dr. Karl Renner, the Austrian chancellor, declared to a crowd of demonstrators outside the city hall in Vienna, says a dispatch from that city.

"In this terrible hour," the chancellor said, "we shall not obtain the peace we expected, and which we might have hoped for if the right of peoples to dispose of themselves had been realized. But this peace will not be the last word of the story. Our firmness must show that here lives a people which is determined to realize its right to dispose of itself."

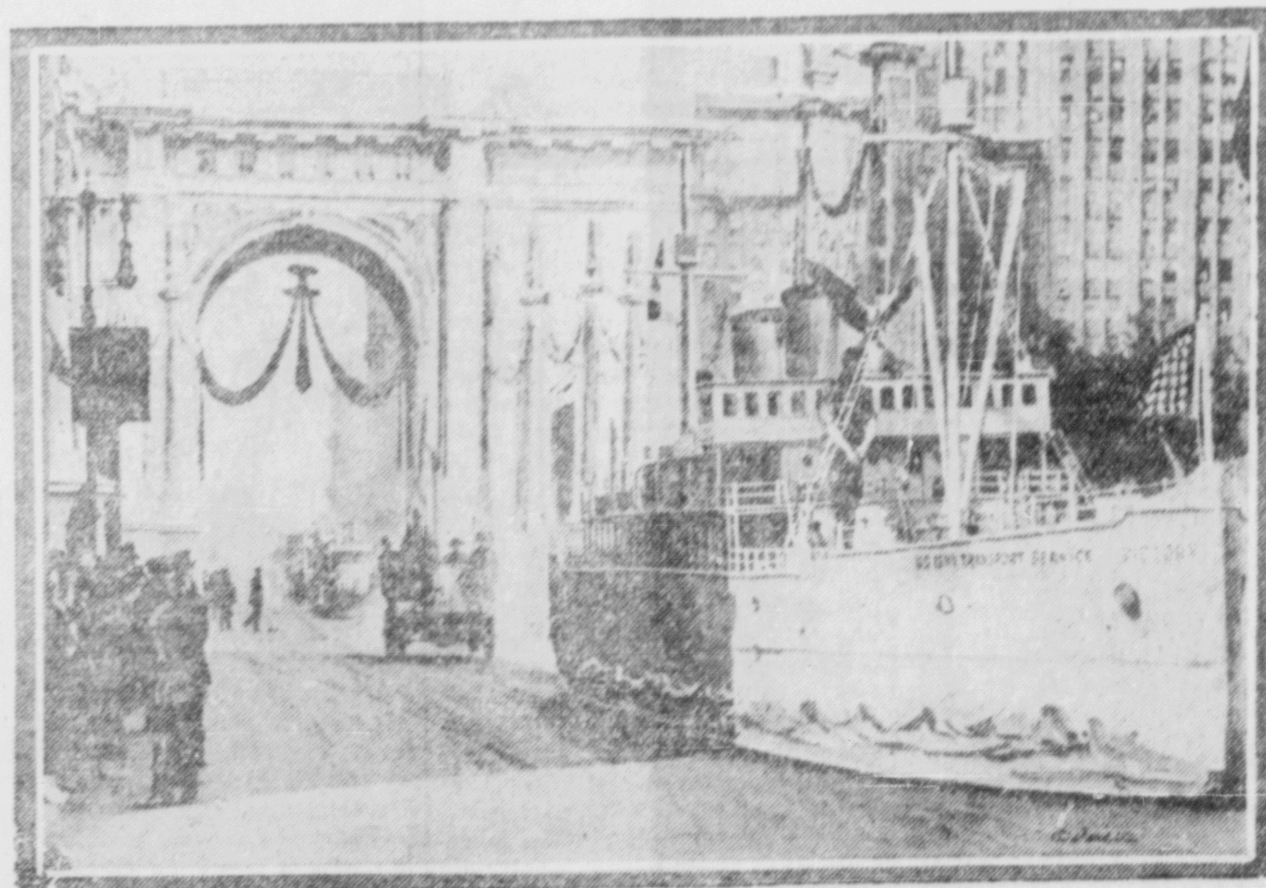

## LEACH RETAINED IN ARMY

Chief of 151st to Remain in Regular Army.

Minneapolis, May 14.—Colonel Geo. E. Leach, commander of the 151st Field Artillery, is to remain in the Regular Army, following the demobilization of his regiment, which has just been completed at Camp Dodge.

An order was sent by the war department to Camp Dodge directing the camp commander not to discharge Colonel Leach, who is to be carried on the rolls as a casual officer stationed at that camp until he is assigned to some regular duty, which assignment is expected within a few days.

## Navy's Float in "Panorama of Victory" Sailing New York Streets

New Yorkers and thousands of visitors have lined Fifth avenue time after time to witness one magnificent military parade after another. All but one of these has been in honor of returning soldiers. The big exception was the "Panorama of Victory" staged recently by the army to help along the Victory Loan drive. An airplane "taxied" the length of the avenue, the spectators were "gassed," they got a taste of smoke screens, they saw liquid fire—in fact all the paraphernalia of warfare. Just so the navy's part in winning the war should not be forgotten the "Victory Ship," a float created by the Embarkation Service at Hoboken, sailed along in the parade. It is seen here just after passing through the Victory Arch at Madison Square.

H. F. Michael Co. Advertisement in  
the Dispatch Eagerly Read by  
Prudent Housewives

Pay day specials is the caption  
under which the H. F. Michael Co.  
offer a number of bargains for tomor-  
row.

Last pay day they pursued such a  
plan and were so pleased with the  
results that they repeat it for tomor-  
row.

Women will doubtless be interested  
in this advertisement.

## He Does Heavy Work

"I do heavy work, and that is a  
strain on a man's kidney," writes  
Bert Dawson, Canton, Ill. "My trou-  
ble started with a severe, sharp pain  
over my back. I bought a bottle of  
Foley Kidney Pills, and before it was  
gone, my pains had entirely left me."  
They banish rheumatic pains, back-  
ache, soreness, stiffness. H. P. Dunn, mwf

## NOTICE

Beginning May 15th our stores will  
close on Sundays, except between the  
hours 8 and 10 a. m.

**ERICSSON BROTHERS**  
ANDERSON & ENGBRETSON  
29016

Liner's Mail Damaged by Fire.  
Tacoma, Wash., May 14.—When the  
aft hatch of the liner Manila Mary  
was opened 886 tons of freight and  
27 sacks of mail were found damaged  
by fire and water. The fire in the hold  
of the vessel broke out May 4 and was  
extinguished at sea.

Allica Estate Claimed.  
New York, May 14.—The enemy  
alien property custodian has claimed  
the \$4,253,337 estate left by Neuman  
Stiecken, former head of the coffee  
firm of Grossman and Stiecken, who  
died an enemy alien in Germany, in  
1917. Under Mr. Stiecken's will the  
city of Baden Baden was left \$50,000  
and a hospital in the same city a simi-  
lar sum. The bulk of the estate was  
bequeathed to his wife, who lives in  
Baden Baden. Payment of the be-  
quests depends upon the property cus-  
todian.

## Scrappy Pair.

"I was single, and had a dog's life,"  
said the widower. "I married and had  
a cat and dog's."—Exchange.

## BRACE UP!

Do you feel old before your time?  
Is your back bent and stiff? Do you  
suffer urinary disorders? Don't  
despair—profit by Brainerd expe-  
riences. Brainerd people recommend  
Doan's Kidney Pills. Here's a Brainerd  
resident's statement.

P. M. Bislar, machinist, 412 S.  
Twelfth St., says: "I had occasional  
attacks of kidney trouble for some  
years. They always began with a  
lameness across my back and devel-  
oped into a constant dull ache. My  
kidneys would then act irregularly  
and the secretions contained a heavy  
sediment. A physician here said I  
could use nothing better than Doan's  
Kidney Pills. I procured some at  
Dunn's Drug Store. I am now en-  
tirely cured." (Statement given on  
September 1, 1908.)

OVER NINE YEARS LATER, on  
November 5, 1917, Mr. Bislar said:  
"I have every bit as much confidence  
in Doan's Kidney Pills as when I  
gave my former endorsement. Some-  
times when I have caught cold, I have  
noticed a slight return of the trou-  
ble and I have always used Doan's  
Kidney Pills and they never fail to  
give me prompt relief."

Price 60c, at all dealers. Don't  
simply ask for a kidney remedy—get  
Doan's Kidney Pills—the same that  
Mr. Bislar had. Foster-Milburn Co.  
Mfgs., Buffalo, N. Y.

## Quality And Style

"All wool and a yard wide" is a homely  
epigram, nevertheless we know that the per-  
son or article spoken of in this manner is  
made of the right material.

A garment bearing the Printzess label "meas-  
ures up" to this standard not only in quality  
but in style.

Printzess "distinction in dress" means an  
all-wool quality coat or suit tested and pre-  
shrunk, perfectly tailored and at a price that  
meets your purse half way.

Our Spring assortment of Printzess coats  
and suits is now complete. Call today—try  
on some of the models. You will be de-  
lighted with the smart styles and the mod-  
erate prices.

## REDS RIDICULE RELIGION

Russian Anarchists Trying to Destroy  
Church Teachings.

London, May 14.—In the Caucasus,  
as elsewhere in Russia, the Bolsheviks  
are seeking to destroy religion by  
bringing it into contempt. According  
to a message from Renter's corre-  
spondent at Ekaterinodar they con-  
ducted in a church with all ceremonial  
a mock marriage between an aged  
priest and a mare. The choir was  
forced, under threat of death, to sing  
the psalms and canticles of the  
liturgy.

## FRENCH FLYING CASUALTIES

Air Service Lost 6,328 Men During  
European War.

Paris, May 14.—The casualties in  
the French air service in the war zone  
during the war were 6,328. It was of-  
ficially announced. The casualties were  
divided as follows: Killed 1,945;  
wounded, 2,922; missing, 1,461. Of the  
missing, it is stated, 700 must be con-  
sidered to have lost their lives.

Outside the war zone the casualties  
totalled 1,237, bringing the aggregate  
for the whole service to 7,565.

Eddie Shevlin to Show in London.

London, May 14.—Eddie Shevlin,  
the champion welterweight of the  
United States navy, has been matched  
to box Eddie Beattie, a British fighter,  
15 rounds at the National Sporting  
club on May 19. The men will box  
for a purse of \$4,900.

Purveyor Outposts Loadman.  
Tulsa, Okla., May 14.—Earl Puryear  
of Tulsa, outposted Dick Loadman of  
Lockport, N. Y., in a 15 round bout.  
The men are bantamweights.

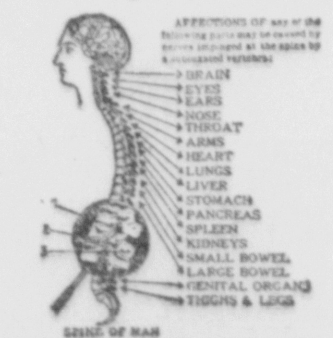

## What One Mother Does

Mrs. P. Bennett, 7 Wawayanda  
Place, Middletown, N. Y., writes: "I  
have given Foley's Honey and Tar  
to my little boy, and cannot recom-  
mend it too highly as I think it is  
the only medicine for coughs and  
colds." Fine for croup and whooping  
cough, as well as coughs and colds.  
Contains no opiates. H. P. Dunn, mwf

## Optimistic Thought.

A true soldier never bends his sword  
to a cruel slaughter.

## Try a Spinal Analysis

We receive "SUB LUZATIONS" of  
the spine in many ways. Falls and  
shocks and exposures from babyhood  
up cause misalignment of vertebrae.  
Remember that the spine is the cen-  
tral axis of the body and that it re-  
ceives with full force all strains we  
undergo. It is practically impossible  
to grow up to manhood and woman-  
hood with a perfectly aligned spine.  
Try a Spinal Analysis and "ward off"  
so called Disease. Consultation and  
Spinal Analysis Free.

\$100 Reward, \$100

The readers of this paper will be  
pleased to learn that there is at least  
one dreaded disease that science has  
been able to cure in all its stages and  
that is catarrh. Catarrh being great-  
ly influenced by constitutional condi-  
tions requires constitutional treat-  
ment. Hall's Catarrh Medicine is  
taken internally and acts thru the  
blood on the Mucous Surfaces of the  
System thereby destroying the founda-  
tion of the disease, giving the pa-  
tient strength by building up the  
constitution and assisting nature in  
doing its work. The proprietors have  
so much faith in the curative powers  
of Hall's Catarrh Medicine that they  
offer One Hundred Dollars for any  
case that it fails to cure. Send for  
list of testimonials.

## WOMAN'S REALM

### BACCALAUREATE SERVICES SUNDAY

On Sunday, May 25th, the baccalaureate exercises of the class of 1919, Brainerd High School, will be held in the high school assembly room, beginning at 8 o'clock. All churches of the city are invited to join in the services at the high school building, and no other special invitation except this published announcement will be sent out, as in a public school affair it is assumed that all are invited. The music will be furnished by the high school pupils under the direction of Miss Cronk. The class have selected as the speaker for the baccalaureate services this year, Rev. J. J. O'Mahoney.

### WOODMEN CIRCLE DANCE

White Pine Grove No. 28 to Give Ball in Gardner Auditorium on Friday, May 16

The Woodmen Circle, White Pine Grove No. 28, will give a dance at Gardner auditorium on Friday evening, May 16, and the Blue Ribbon orchestra will play. Preparations made by the ladies have been very complete, many tickets have been sold and the event promises to be one of the most successful in the history of the order.

### Surprise Party

A number of ladies had a surprise party Monday on Mrs. Renius Johnson, the ladies clubbing together and presenting her with a fine dress pattern. Refreshments were served and all spent an enjoyable afternoon.

### Bethany Ladies' Aid

Mrs. Oscar Swanson, 220 Third Ave. Northeast, will entertain the Bethany Ladies' Aid society at her home on Thursday afternoon. All are invited.

### Prayer Meeting

At the Finnish Lutheran church there will be prayer meeting Thursday evening at 8 o'clock at the home of Arvit Ritari of Norwood street.

### PARENT-TEACHERS

Mrs. W. H. Gemmell of School Board Spoke About County Nurse Plan

The Parent-Teachers' association of N. E. Brainerd had a delightful and helpful meeting at the Lowell school Tuesday evening. The attendance was so large that many extra seats were brought in; many gentlemen were in attendance. The president, Mrs. F. M. Kelley, presided in a very happy manner. There was a fine drill and song by many of the children equipped for War Garden work. Mrs. W. H. Gemmell of the school board gave a very interesting address, describing the fine work of the county school nurse. Miss Ethel Betts and Miss Rachel Templeton gave a highly-applauded song. Mrs. W. C. Rasch spoke enthusiastically of the school work and the groups which were being organized for helpful work in the neighborhoods. Miss Vivian Blomstrom gave one of her fine piano solos. Rec. Sinnett read original verses, "Cupid in School." The officers were unanimously re-elected for the ensuing school year. The work of the pupils was carefully arranged in the various rooms, and was highly enjoyed by all the visitors. Then a cheery lunch was served. The officers and program committee deserve high praise for this entertainment as well as the teachers who are doing such commendable work.

### ATTENTION

All members of the W. R. C. are expected to be at the regular meeting Tuesday afternoon at Elks hall at 2 o'clock sharp. Arrangements for Memorial Day and dinner for the "old boys in blue" will be made and reports read.

By Order of President.

### Cut This Out—It is Worth Money

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. H. P. Dunn.

### SOME NEW PARIS NOVELTIES CAPE AND A BLACK SAILOR

Chain of Beads of Blue and Black Crochet—Hand-Knitted White Wool Gaiters.

Among the attractive chain novelties shown in Paris was one which reached far below the waist, made of large beads of bright blue and black crochet, from which was suspended a novelty cross in the two colors, says Women's Wear.

Something rather chic in gaiters was noted recently on a smartly dressed girl, whose short skirts gave one a good view of a hand-knitted white wool gaiter, which pulled on over her shoe and had the usual gaiter shape, with the strap under the shoe. They fitted the ankle snugly and were very smart. Women in America might confine them to motoring or to sport wear, although there is no reason for so doing. Hand-knitters will be interested to know that they were knitted with the knit one row and purl back method.

### MORNING DRESS OF CALICO

A sunny smile from the Southland, wearing a morning dress of red-and-white calico, with garden hat to match. An outfit that appeals to many women.

### Jackets of Velvet.

Short, boxlike jackets of velvet or satin, extending to the tip of the hip, and fastened with one button at the neck, are seen in combination with skirts of white serge or of white satin.

### OLD PAPERS—5c BUNDLE

This is a charming defiance to spring raindrops. Bright green and a red plaid rubberized silk cut into a smart cape with a high collar. The sailor is of black straw.

### IRISH AND THE OTHER LACES

One Need Not Be an Expert to Tell Difference Between Genuine and a Good Imitation.

Just why Irish lace has been revived it would be hard to say. But whenever it is revived there are a good many women who rejoice, for it is a lace that always has many admirers on this side of the Atlantic. When a woman invests \$30 or \$40 in Irish lace she has something quite tangible to show for it, for the most casual observer can tell the "real" from the imitation, while with some of the other laces only one who is something of an expert could tell the difference between the "real" and a very good imitation.

Besides, Irish lace is extremely substantial. It is not worn out in a single season, and it can be restored to its original freshness by the professional cleaners without much trouble or expense. And whether or not you ever do make use of the lace a second time, you do feel consolation at spending that \$30 on lace if you feel that it can be used over again.

Now, as it is being used this season, there is nothing of that harshness that was sometimes characteristic of the way it was used a dozen years ago when it was so greatly in vogue. It is very often combined with a fine Valenciennes or imitation Valenciennes. This is especially true when it is used in blouses or on jabots or other neck fixings. Then again it is simply combined with footings—that is, insertion consisting simply of fine net.

White frocks of wash material—whether in fact they are ever laundered or are sent to the dry cleaner to be freshened—are to be worn a great deal more this summer than has been the case any summer since the war began. And these frocks are going to be simple lace-trimmed affairs, many of them, whose sole trimming is to consist of yards and yards of insertion combined with white organdie or lawn or voile. And some of the most effective of these will be the ones that make free use of Irish insertion and edging.

### STUDY EFFECT OF WAISTLINE

Frocks So Loose in Cut Belt or Sash May Be Put Anywhere Between Bust and Hips.

Though waistlines are not as slender as they were a generation ago, they are no less important. And just because they are not slim as wands, special attention must be given to their dress accessories. Many of the new frocks—and particularly evening frocks—have bodices that drape over the waistline and a few frocks show actual basque effects, with a deep point extending down over the front of the skirt. Few women realize the importance of studying the question of the waistline in proportion to the whole figure. A waistline too low may give a very bulky and clumsy effect to a short woman, and a waistline too high on a tall, lanky woman is even more unfortunate. Fashion permits the waistline to be anywhere now between armpit and hip—graceful proportion is the one imperative requirement. Your waistline may look all right as you stand in front of your dressing table mirror, and probably it is all right as far as the upper part of your figure is concerned. But study the effect before a full-length mirror and decide whether you really look better with a higher or a little lower waistline.

And stick to the effect decided on. The corset has little to do with a waistline's location these days. Frocks are so loose in cut that a belt or sash may be put anywhere between bust and hips and over the straight-lined corset the costume will hang all right.

Is there a handier implement of modern times than the fountain-pen? Certainly not. A good fountain pen is well worth owning. We can sell you the best fountain pen at an average price that is produced. You can go a little bit higher if you wish.

MEET AND TREAT AT OUR FOUNTAIN

### Moving Picture Expenses.

The moving picture industry takes in millions of nickels daily, but a big part goes out for salaries, for "stars" and for needless expenses.

Quite recently a very much excited individual stopping at one of the big hotels in New York city called up Los Angeles, Cal., on the long distance telephone many times daily and rolled up a weekly bill of \$3,000 for this item alone.

"Who is he?" queried a bystander, to whom the hotel proprietor related the story. "One of the new oil millionaires?"

"No," was the reply, "he is a moving picture director. That is just a sample of the high cost of turning out moving pictures today."—Wall Street Journal.

### Flu Again Ravages London.

Influenza has broken out again in London, making a third wave in less than a year. The cases that are complicated by pneumonia tend to follow the usual course common in the years before the war. This is in contrast with the rapidly fatal type characterizing the summer and autumn epidemics, and suggests a distinct decrease in virulence. Of those attacked previously very few have been again infected. Some immunity seems to have been established, for in most cases of reinfection there are only vague rheumatic pains and malaise lasting a few days.

### Start Education Early.

The street car was crowded, which wasn't unusual. A man carrying a baby boy pushed his way inside to a strap. The swinging piece of worn leather caught the baby's eye, and he reached for it, and missed. It swung again, and the baby caught it tightly. The crowd laughed, and was glad it had something to laugh about. "That's it, son," said the father, "Might as well learn young. You'll have use for that if you stay around this town long."

### Country's Lumber Production.

A total lumber production of 32,730,000,000 feet is the estimated cut for the year 1918 on the basis of partial returns received by the forest service of the United States Department of Agriculture from 713 sawmills, each of which cut 5,000,000 or more feet in the years 1917 or 1918.

In 1917 the total production amounted to 30,000,000,000 feet. The decrease in 1918 is not confined to any one region but is general. It is largest in the southern and eastern states and least in the western states.

### IT PAYS TO ADVERTISE

**IF BACKACHE OR KIDNEYS BOTHER**  
Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

## Are You Waiting For Prices to Come Down?

About 320,000 houses are built each normal year in this country. Last year home-building was at a standstill, for patriotic reasons.

The year before that and the year before that, home-building was below normal because "prices were too high." As a result, there is a shortage in this country of about 700,000 houses!

Consequently, there is a "hungry market" for building materials. General Demand is about to launch a campaign for home-building. What will General Supply do? What effect will a big demand have on prices? You can draw your own conclusions.

You can decide now whether you want to take advantage of the present favorable prices of materials and build now, or whether you want to wait three, five, ten or fifteen years until "prices are right" and then build, in the meantime, doing without the comfort, convenience and satisfaction of a home of your own.

Think it over. Our advice is, Build Now! not because the government asks you to, but because IT IS WISE TO BUILD NOW.

## REFUSE ALLIED FOOD PROFFERS

Russian Reds Decline to Cease Fighting as Condition of Securing Supplies.

## DR. NANSEN THANKED

Anarchist Foreign Minister Tchitcherin Announces That Continuation of Hostilities Is Necessary for Political Reasons.

Paris, May 14.—Dr. Fridtjof Nansen, head of the commission to feed Russia, has received a wireless message from M. Tchitcherin, Bolshevik foreign minister, announcing that the Bolsheviks refuse to cease hostilities as a condition of provisioning Russia by a neutral.

Tchitcherin thanks Nansen for his interest in the conditions in Russia, but announces that continuation of hostilities is necessary for political reasons and says it would be poor policy to stop them.

Admiral Kolchak Denounced.—The soviet government, he says, is willing to support a movement to feed Russia so long as it has no political character, but "will not be duped."

He then goes on to denounce Admiral Kolchak and General Denikin and concludes by declaring that it will be impossible to give up fighting as enemies are attacking on all sides.

Feeding No Solution, Says Lvoff.—Paris, May 14.—The feeding of the Russian population is no solution of the Russian question, it is declared in a memorandum sent to the Peace conference by Prince Lvoff, Sergius Sazonoff and President Tchaikovsky of the North Russian government, concerning the proposal to feed the people through neutral countries on condition the Bolsheviks cease hostilities.

The memorandum says the Allies wish to assist the Russian people and to reduce starvation brought by the Bolshevik regime. This cannot fail to awake feelings of gratitude. It is a deed of humanity and a manifestation of the solidarity of the peoples.

## NEW VALUABLE FOOD PLANTS

Recently Brought From Peru by Members of the Yale Geographic Expedition.

A new and important breakfast food plant has been fetched from Peru by the Yale geographic expedition. It yields a product declared to be quite equal to oatmeal. The plant in question is a cultivated pigweed, and anciently was one of the two principal grain producing crops of the Incas. Today in Peru it is chiefly used for the manufacture of "chicha," a native beer. From a valley high up in the Peruvian Andes the expedition obtained a new and remarkable wild relative of the tomato. It has an apple-like flavor, and is the fruit of a desert plant, found in company with cacti and other such water-starved vegetable species. The plant is a vine, which, say the experts, may be trained over arbors. It may be crossed with our own tomatoes for the production of varieties with special edible virtues. Another remarkable acquisition was a kind of tomato that grows on a tree. It is only a little tree, four or five feet high, with branches that spread horizontally, giving it a flat topped effect. The tomatoes are egg shaped, and borne in pendant clusters from near the ends of the branches. Yet another prize, deemed valuable for introduction into the United States, was the "lucuma," which can hardly be called a discovery inasmuch as it has long been a popular fruit in Peru. It has rich, meaty flesh, somewhat resembling in texture and flavor a cooked sweet potato, and is hardy enough to be grown in Florida or in southern California.

## LIBERTY "SOON" IS HOPE OF FILIPINOS

COMMISSION FROM ISLANDS IS RETURNING WITH ENCOURAGEMENT BUT NO PLEDGES.

## ONLY QUESTION OF SAFETY

Administration and Congress Are Desirous of Giving the Philippines Political Freedom Just as Soon as Further Guardianship Is Unnecessary.

By EDWARD B. CLARK.

Washington.—Nearly 100 Philippine commissioners "in behalf of independence for the islands" are just about to leave the United States on their homeward journey. They have been here pleading in behalf of immediate political liberty for the islands.

What is going to happen? The commissioners were treated cordially and courteously, but no definite promise of immediate independence was given them, although they were told that probably it "will come soon." It is unquestionably the intention of the United States "to turn the Philippines loose" as soon as the legislative authorities of this country deem that the thing can be done with safety to the Philippine people, to the United States, and in a way to "the liberties of the world."

This is being written with a view to setting forth what seems to be the actual facts in the case, irrespective of what anyone's views may be on the rights or wrongs of giving liberty to the Filipinos at once.

From everything that could be learned about the visit of the commissioners, it would seem to follow that the administration authorities and senators and representatives, irrespective of political faiths, desire to do exactly what is right by the Filipinos from the viewpoint of the Philippines themselves, but there is unquestionably a feeling in administration circles and in the memberships of both parties in congress that it is not the wisest thing in the world at this particular moment to sever completely the political bonds which tie the Philippines to the United States.

William Howard Taft's Opinion.

Once on a time William Howard Taft was the American governor general of the Philippines. Mr. Taft called the Filipinos our Little Brown Brothers, and he showed the deepest sympathy with the struggles of the people of the Philippines to fit themselves for independence. From the day that he was governor general through the days of his secretary-of-warship, when through the bureau of insular affairs he exercised a sort of guardianship over the Philippines, and through his administration as president of the United States, Mr. Taft continued to show deep interest in the words across the sea. The former president is on record as saying that in forty years the Philippines would be ready in all respects for complete liberty. This was said some fourteen or fifteen years ago, and so if Mr. Taft's judgment was right, the Filipinos still have about twenty-five years to go before it can be deemed safe to give them the liberation from all United States control which it is said that they desire.

Other men who have taken a deep interest in the development and general progress of the Philippines have believed that they properly "can be turned loose to care for themselves within a time much shorter than that set by Mr. Taft. Legislation in congress has looked to their complete freedom at a date not far removed, but it still can be said that in both the great political parties there is a feeling, as expressed in Washington, that the day of the removal of the guardianship of the United States should not be tomorrow.

Assured of Liberty Soon.

All this is spoken of here with considerable freedom in the council chambers, but no man seemingly is willing to get up and say openly that the Filipino should not be liberated for a considerable time to come. It is a fact, however, that the commissioners from the Philippines are going back to their home country with assurance that liberty soon will come.

There are in Washington men who have made a study of the Philippine question who are free enough to say today that even the commissioners who have come here from the islands do not want an absolute withdrawal of all United States authority over their island homes. This doubtless means that the members of the Philippine mission desire that the United States shall set the Philippines free politically and yet shall guarantee their safety as a nationality in this world of nationalities.

In other words, therefore, it is the feeling, perhaps a somewhat general one, that the Philippine people want liberty somewhat after the manner that Cuba has it. The islands are a long way from the United States and some Washington men point out that the matter of guaranteeing the safety of the Philippines is a large one and a serious one.

As things look, it seems as if the commissioners were to go back in somewhat the same condition of mind that they were when they came except that, through the promise of due consideration of the subject of freedom as soon as possible, they will have an added incentive to complete the work of preparation of the Philippines for independence more rapidly.

## ARE FLEMING AND WALLOON

People of Belgium of Both Races, the Flemings Being Slightly in the Majority.

The kingdom of Belgium dates from 1830, when the seven Catholic provinces revolted from the distasteful union with the kingdom of The Netherlands. Dr. Edwin A. Grosvenor writes in a communication to the National Geographical society. A conference of the great powers in 1831 determined the boundaries between the two countries. Though obliged by circumstances to recognize Belgian independence, the conference did not sympathize with the authors of the revolution. In consequence the boundary line was traced to the disadvantage of the new nation. It is alleged. The Dutch were assigned peoples east of the Meuse, who were strongly pro-Belgian, and were granted both sides of the Scheldt, thus cutting off approach to the sea by the great port of Antwerp.

Belgium is made up of Flemings and Walloons, with the former in the majority. In 1910, of the 7,751,000 Belgians, there were 3,221,000 who spoke only Flemish, 2,833,000 who spoke French (spoken by Walloons) and 871,000 who spoke both languages. The Flemish provinces are bilingual. Germany tried to divide the Flemings and the Walloons during the great war, but the descendants of the warriors who fought against Caesar refused to be divided. The ancient Belgae occupied all Gaul north of the Seine and west of the Rhine, but today it covers only 11,373 square miles.

## ARE NOT REALLY LOCUSTS

Unwelcome Visitors Expected This Year Periodical Cicadas, According to Wisconsin Entomologist.

Be scientific—call the "17-year locust" by its right name, the periodical cicada, and no one will worry about it, says H. F. Wilson, entomologist at the Wisconsin experiment station. Cicadas are common insects, but locusts are reminders of the scourge of locusts in biblical days and the grasshoppers, or true locusts, of the early days in the southwest.

Even the orchard-man's fear of the effect of this particular cicada is not very well founded, judging from the information entomologists have about the insect, for other members of the tribe appear each year and injure the shade and orchard trees in exactly the same way.

The injury is the result of the cicada's laying eggs in the twigs of trees. From the eggs the larvae of the insect hatch. The twig enlarges at that point, growth is interrupted and sooner or later the twig rots and breaks off. The only treatment is to prune off the parts affected. No preventive methods are considered necessary by either horticulturists or entomologists at the station.

Charts of the different broods of the so-called locusts have been prepared by entomologists of the United States department of agriculture, says Mr. Wilson, and they show that the brood expected this year is No. 10. Seventeen years ago it was reported in Wisconsin only in Dane county. The last brood appeared in 1915 and was quite generally scattered over the state.

Made in Germany.

Dr. Arthur Davis, who used to be the Kaiser's dentist, is authority for the statement that the crown prince is the most egotistical person he ever met. As an instance of his conceit the dentist recounts an occurrence in one of the palatial dugouts at the front where captured champagne had been flowing freely for some time.

"Your highness," finally asked a young officer, "who is the greatest of all German generals?"

"I am," promptly retorted the crown prince.

"True, of course," said the brother officer, "but how could you really prove it?"

Convincing.

J. A. Strahan, the eminent professor of jurisprudence, tells in his reminiscences several good law stories.

One of the best concerns a certain chancery judge who (writes Mr. Strahan) was so notorious for the brevity of his notes of evidence that, in a case which appeared to make an appeal probable, the parties agreed to have a shorthand note of it.

Later, the court of appeal, puzzled by his decision against the plaintiff, whose uncontradicted evidence seemed convincing, sent for the judge's note hoping it would enlighten them.

It did. It consisted of a vigorous drawing of an oily-faced, evil-looking person. Above was written The Plaintiff, and below it And a ———— Pearson's Weekly.

His Consideration.

"Now, gents," with elaborate sarcasm said the proprietor of the Right Place store in Petunia, addressing the prominent and influential lawyers that infested his emporium, "I have placed a batch of comfortable pine boxes around on the shady side of the store, where you can set and spit and whittle and cuss the government and argue about nothing from morning till night, and not be disturbed by customers trying to edge around you to buy something or talk over a little private business with me without having your spouts stuck into it."—Kansas City Star.

## AMUSEMENTS

## At the Best Today and Tomorrow

The fact that "Arizona" was picture four years ago by its author, Augustus Thomas, did not discourage Douglas Fairbanks from doing it himself and reviving the attractive character of "Lieutenant Denton." It will be shown at the Best theatre today and tomorrow.

Like the typical Shakespearean actor that he is, Douglas has been spouting the lines of "Arizona" to such an extent that his office staff have found it necessary to memorize cues, and sacrifice their routine labor to "act out" with Fairbanks.

Ever since he first saw the play "Arizona," it has been his dream—his one great ambition—to produce it, and when the opportunity arrived to do it, it was a happy day for Douglas Fairbanks.

## At the Park Today

"Oh, Johnny!" in which Louis Bannison will be seen for the first time as a screen actor, at the Park theatre Wednesday, has more than the ordinary values of film comedy.

## HAD REGULAR SINGING TIME

Thoreau's Interesting Account of the Chanting of Vespers by a Whippoorwill Chorus.

What a pleasure it would be to know the woods and the wood folk as Thoreau did. In "Walden," he tells us that "regularly at half-past seven, in one part of the summer, after the evening train had gone by, the whippoorwills chanted their vespers for half an hour, sitting on a stump by my door, or upon the ridgepole of the house. They would begin to sing almost with as much precision as a clock, within five minutes of a particular time, referred to the setting of the sun, every evening. I had a rare opportunity to become acquainted with their habits. Sometimes I heard four or five at once in different parts of the wood, by accident one a bar behind another, and so near me that I distinguished not only the click after each note, but often that singular buzzing sound like a fly in a spider's web, only proportionally louder. Sometimes one would circle round and round in the woods a few feet distant as if tethered by a string, when probably I was near its eggs. They sang at intervals throughout the night, and were again as musical as ever just before and about dawn."

## Submarine Signals.

During the war, as is well known, submarine sound-signaling made great strides. In Schiffbau an account is given of a device employed in Germany. In this device the receiver is secured to the outer layer of the ship's hull from inside and is filled with water, the liquid being in contact with the outer plating of the vessel. The essential point in this device appears to be that the means for producing the sound are placed externally on the wall of the liquid tank, whereas in most cases the sounding device has hitherto been arranged inside the tank or receiver. Another special feature is an automatic arrangement for maintaining constant, or adjusting, the level of the water, which can be manipulated externally. —Scientific American.

## Wrong Kind of Clothes.

Little tragedies occur to the men who have to chronicle the larger ones. On Thursday evening our "special correspondent" (arrayed in a silk hat and the best morning costume) arrived to find his mission meant the late train to Whitehaven and a plunge into a burning mine.

He telephoned at once for the proper clothes, but the message must have miscarried in the ear of the careful maid, who pecked up a valise of dress clothes and shirts for the man who was to go down the mine.—London Chronicle.

## SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

310 S. 7th St.

The Ford Sedan is a splendid car for the farmer because it is good and comfortable every day in the year. It has all the utility of the touring car with the niceties of the high-class car. The wife and children enjoy the refinements and comforts. It is easy for women to operate, is always reliable, as well as economical. Your early order is solicited because the big Ford factory is a good ways from normal production, and with us, it is first come, first supplied. Sedan, \$775; Coupe, \$850; Runabout, \$500; Touring Car, \$525; Truck, Chassis, \$550. These prices f. o. b. Detroit.

Woodhead Motor Co.

Brainerd, Minn.

## TAG DAY-THURSDAY FOR HEALTH NURSE

Thursday, May 15, is Tag Day in Brainerd to raise funds for a County Public Health Nurse. Brainerd's quota is \$1,000. The dry goods store of E. H. Jones on Front street will be headquarters for Tag Day. Telephone there for information or extra tags. Phone 272-L.

L. P. Hall, chairman of the Child Welfare Board, stated Deerwood had raised its quota. A check for \$100 was received from a man out of the county who has interests at Deerwood. A clinic on child welfare will be held at Ironton Saturday by Dr. Hucnckens of the State Board.

Not a charity nurse but a COMMUNITY NURSE. One-third of our examined men were NOT FIT TO FIGHT because of handicaps which might have been removed in childhood. The nurse may discover many such handicaps and warn fathers and mothers before it is too late, that children may grow up, fit to fight the BATTLE OF LIFE. She will teach women the ART OF BEING INTELLIGENT MOTHERS, bringing help, cheer and encouragement to the inexperienced. She will do FOLLOW-UP-WORK for the clinics and for certain patients dismissed from hospitals, infantile paralysis, tuberculosis, etc. Her services will be forced upon no one. The county nurse is an experienced woman, HIGHLY TRAINED for her job. Under her supervision as the work developed would be placed Nurses Aids and Hourly Nurses, who could be engaged by the hour for moderate wages. The County Nurse would work in close co-operation with any School Nurses placed in the county. Our nurse will work in Brainerd this summer especially among children of under-school age. A large percentage of babies die in infancy. Let us save Brainerd's quota. In a democracy the welfare of each is closely linked with that of all. The County nurse represents co-operation and the spirit of brotherly love. The Public Health movement represents BETTER LIVING and the PREVENTION of sickness more than curing of disease. In case of the outbreak of influenza or any other contagious disease the assistance of the nurse will be especially valuable.

We spend THOUSANDS OF DOLLARS in the interest of better CROPS, better CATTLE, better ROADS; let us spend ONE THOUSAND in the interest of BETTER BABIES. BETTER BABIES TO RIDE ON BETTER ROADS. The greatest asset of Crow Wing County is its children. It is only good business to look after them. It is BETTER BUSINESS to educate healthy children than to educate sickly ones. Men could not have won in the business of the WAR without the help of women. WOMEN ask the help of men in their particular business—THE CARE OF LITTLE CHILDREN. GIVE LIBERALLY in proportion to your means. Let the people demonstrate that they WANT a County Nurse, so that after this year she may be established as a PERMANENT COUNTY OFFICIAL.

Our BLOCK WORKERS have helped in many a drive, SERVING you in collecting your money which poured forth in large sums to make the world safe for democracy. They ask you now for this \$1000 in the interest of a MORE TRUE DEMOCRACY AT HOME.

The BRAINERD WOMEN'S COMMUNITY COUNCIL has worked hard through cook sales and in other ways to finance their war time activities. Women's work in many cities and towns has been financed from the WAR CHEST. They hope this drive will go well OVER THE TOP that there may be a surplus with which to carry on Public Health measures and other Community Welfare Activities. The State Board of Health has already corresponded with the Women's Council with regard to a Milk Survey for Brainerd leading up to MILK INSPECTION and a MILK ORDINANCE. After the survey a PUBLIC MEETING will be called to lay the whole matter before THE PEOPLE. To come back to the subject of the nurse—Crosby and the Range towns have pledged \$1000, \$750 of which has already been paid. The quota for the balance of the County excluding Brainerd is also \$1000, \$3000 being the sum total needed to finance the work in really good shape. Brainerd needs a Public Health nurse. The rural communities need her more. Let Brainerd show she is a mother city of Crow Wing County by backing this project. All money for the nurse will be received and dispensed by the Crow Wing Co. Child Welfare Board, which body will also apportion her time. Checks made be made payable to the Crow Wing Co. Child Welfare Board, E. P. Hall, Esq., Chairman.

Signed

Committee on Tag Day.

BRAINERD WOMAN'S COMMUNITY COUNCIL

## ROAD PROGRAM OF VARIOUS COUNTIES

Crow Wing County. Says the Duluth News Tribune Article, Will Contract for \$175,000

### ST. LOUIS COUNTY'S PLANS

Commissioners of that County Will Build 200 Miles of Highway at a Cost of \$7,500,000

(Duluth News Tribune)

Of the 23 counties in Minnesota that have decided to issue bonds and pave its roads in anticipation of the adoption of the Babcock amendment, the program adopted by the St. Louis county commissioners is greater than the aggregate of the remaining 27.

St. Louis county will issue \$7,500,000 worth of bonds to pave more than 200 miles of road, according to the plans adopted by the county commissioners. The remaining 27 counties have decided to issue bonds totaling \$6,527,000 to pave 261 miles of roadway. This information was obtained from the reports received by C. M. Babcock, state highway commissioner, who drafted the program under which this work is contemplated.

Federal Aid is \$25,000,000.

Some idea of the magnitude of the work may be obtained when it is considered that the federal aid for Minnesota for the next ten years, will be but \$25,000,000 and of this amount St. Louis county will receive one-sixth. The remainder will come from the state if the Babcock amendment is adopted so that in the end, the county will have paved roads without one penny coming out of the county treasury.

The Babcock amendment authorizes the state to levy a special tax on motor vehicles. This money will go into the "trunk highways sinking fund," out of which the 6,960 miles of trunk roadways are to be paid.

Not more than \$75,000,000 in bonds may be outstanding at any one time.

### Reimburse Counties.

The Babcock amendment provides that counties may be reimbursed out of the bond issue for money spent on any part of the trunk highway system. So the counties are going ahead to raise money, confident that the voters will approve the amendment next year.

The following counties have let contracts already for paved roads:

County	Mileage	Estimated Cost
Anoka	6.6	\$165,000
Hennepin	6.0	150,000
Lyon	1.0	25,000
Nobles	5.5	137,500

### Many Plan Work.

Dakota county has 14 miles projected, and will open bids for seven miles on May 15, the rest to be advertised as soon as plans are ready. Sherburne county, which plans 25 miles of road along the Mississippi river, will open bids for the first five-mile stretch on May 13. Swift county will open bids for seven miles of paved road May 2. Other counties are getting ready to let contracts for paved roads as follows:

County	Mileage	Estimated Cost
Benton	16	\$400,000
Blue Earth	16	400,000
Brown	10	250,000
Chicago	10	250,000
Clay	10	250,000
Crow Wing	7	175,000
Goodhue	6	150,000
Kandiyohi	10	250,000
Le Sueur	7	175,000
Morrison	13	325,000
Mower	3	75,000
Olustead	14	350,000
Pipestone	6	150,000
Redwood	6	150,000
Renville	15	375,000
Rice	16	400,000
Steele	8	200,000
Stevens	10	250,000
Watonwan	8	200,000
Winona	5	125,000

### Optimistic Thought.

It is honorable to be accused by those who deserve to be accused.

# PAY DAY SPECIALS

Last PAY DAY our specials drew crowds to our store. The bargains were so good women could not resist them. The bargains are just as good this PAY DAY---we suggest that you come in the morning to avoid the afternoon and evening crowds. Enough Said---the item themselves tell the story.

### Wash Skirts

A great value for Pay Day---time is just ahead when you will need them. New skirts made of self striped skirting---pockets neatly trimmed with buttons---As a very special value---

## "17th MAI" TO BE CELEBRATED

Speakers at Sons of Norway Entertainment Will be Secretary of State Julius Schmahl

### AND SECRETARY, L. STAVNHIM

Norway's Natal Day Corresponds to the Fourth of July in America---Big Gathering Expected

The "17th Mai" which in Norway corresponds to the 4th of July in America, will be celebrated by the Sons of Norway at their entertainment on Saturday evening in the Knights of Columbus hall.

Secretary of State Julius Schmahl and the Grand Secretary of the order, L. Stavnheim, will be the speakers of the evening.

A large number of tickets have been sold and one of the largest audiences ever in K. C. hall will greet the speakers.

## DE LACY WOOD OF CUYUNA RANGE

Trommald, Minn., May 14---H. A. Carlisle, the DeLacy Wood of the Cuyuna Iron range who founded the Deerwood Enterprise and Cuyuna Range Miner, both successful journals, has organized a new weekly at Trommald and the first issue is expected to make its appearance about May 25th.

### DISTRICT COURT

Walter Jacobson Declared Not Guilty by Jury---Assault Case Now on Trial

In district court before Judge C. W. Stanton the jury in the case of Walter Jacobson who was charged with grand larceny, found him not guilty. The Crosby man had been employed in a store on the Cuyuna Iron range, the complaining witness being a merchant named T. H. Lake. The next case on the criminal call was taken up, Emma Hill and Carl Carl of Crosby, charged with assault in the second degree.

### A PLEA FOR THE PROTECTION OF THE LAW

Are robbers, burglars and thieves to be allowed full scope in our city? Not two months ago my store was broken into by night, and considerable property stolen. A similar occurrence happened on last Saturday night, and repeated a third time on Monday night.

If such a state of things continues to exist then it remains only for an honest man to seek a more civilized part, or take the law into his own hands.

I would ask that the city administration see to it immediately that we get the protection of the law.

Respectfully yours,

JOHN HUGHES.

## HOME COMING OF ELKS CELEBRATED

Brainerd Lodge to Welcome its Hero Sons by Song, Oratory and a Satisfying Feed

### OLD AND NEW ONES TO BE SUNG

Plans for Joint Picnic of Brainerd, Little Falls and St. Cloud Lodges in June

Brainerd Lodge of Elks will celebrate the homecoming of their world war heroes on Thursday evening, May 15, by a program replete with addresses of welcome, community singing and a luncheon.

Exalted Ruler Fred L. Sanborn and other members of the entertainment committee have provided a list of speakers including Col. C. D. Johnson, the silver tongued orator; Col. A. J. Halstead, former president of the State Editorial association; Judge J. T. Sanborn, of the probate court; H. P. Dunn, postmaster of Brainerd.

Under the guidance of Hon. S. P. Alderman, county community song leader, Elks will sing the old ones and a lot of new ones. Among the soloists will be Mr. Alderman, A. C. Mraz and others.

The luncheon menu served by Wm. Garvey will include pork and veal sandwiches, lettuce, onions, radishes, baked beans, pickles, hot coffee, etc.

Four candidates will be initiated. A committee will be named to complete Brainerd's plan of a joint picnic of Brainerd, Little Falls and St. Cloud Elks lodges. The Brainerd

## NUXATED IRON —MASTER STRENGTH BUILDER OF THE BLOOD

The Power Behind the Strong  
Sturdy Men and Healthy  
Beautiful Women of Today

"To make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as organic iron---Nuxated Iron" says Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York and the Westchester County Hospital. Nuxated Iron by enriching the blood and creating new blood cells strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy and endurance into the whole system. It often increases the strength of weak, delicate people in two weeks' time. It is estimated that over 3,000,000 people use Nuxated Iron annually as a tonic, and blood-builder.

## MAKE THIS TEST YOURSELF And Find Out Where Your Blood Stands

See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous, run-down people who were ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form.

Manufacturers: None. Excused from recommendation and prescribed by physicians is not a sorry remedy but one which is well known to dissipate everywhere. Unlike the older iron pills from products it is easily assimilated, does not injure the stomach, does not blacken the stomach. The manufacturer guarantees successful and entirely satisfactory results to every purchaser or they will refund your money. Also dispensed by all good druggists.

For sale in this city by H. P. Dunn, Druggist

committee will proceed to St. Cloud Friday to confer with the Granite City lodge.

## CENTRAL MINNIE LEAGUE HITS PAGE

Duluth News Tribune Features Six-Team League on its Sport Page of Tuesday, May 13

## TEAMS READY FOR CALL OF UMP

Fans Backing up Teams in Staples, Little Falls, Crosby, Ironton, Brainerd, St. Cloud

A half-column article on the Central Minnesota Baseball League was given prominence on the sport page of the Duluth News Tribune Tuesday, May 13. The story hit the top of the column and had as near neighbors to the left the American League games, to the south of DeOro's protest of the Cannefax billiard match and to the east the Pittsburgh 12-inning game and Brigg's cartoon.

In such swell company no fan could miss seeing the Central Minnie League and the News Tribune of Duluth is to be commended for the cooperation shown in boosting central Minnesota.

Good publicity is half the game of baseball.

"Boys Jealous of Me," Says Girl Who Practices With the Brooklyn Team

HELEN DIECK

Helen Dieck thinks that men and boys who try to keep baseball playing all to themselves are mean. The other sort are all right. Among the "other sort" she classes the members of the Brooklyn Nationals, for they welcome her every morning when she shows up for practice. What is more, Helen can play ball. She says "a whole lot of boys are jealous of me."

## MAKE USE OF PRINTER'S INK

Federal Official Urges Necessity of Campaign of Advertising to Attract Attention of Consumers.

"Advertise your business. I owe all my success to printer's ink." This was the language of P. T. Barnum, and that he was a conspicuous success is generally admitted. Something of the same sort seems to have struck Washington. Roger W. Babson, director of education service, labor department, has issued a statement urging a campaign of advertising, saying in part: "Prosperity ultimately depends upon the consumer. If there is not a market for goods they will not be produced. Only by advertising can buying power be stimulated, but advertising does stimulate buying power and brings a very direct return to the man who advertises."

It is sound advice. It is also timely. Advertising is the chief auxiliary in trade. It is not the road to success, but success itself. Advertising is to the business man what machinery is to the mechanic.

How can a man know what you want unless you ask for it, or what you have to sell unless you advertise it? "My advice to the merchant," says Mr. Babson, "is this: For your own interest and for the good of the country, increase the advertising appropriation you have made for this year. If it is \$20,000, make it \$25,000; make it more if you can."

And all must bear in mind that the prosperity of the country means the prosperity of the individual.—New York Telegram.

## FORCED TO FINE DOG HERO

But New York Justice Took Into Consideration Animal's Brave Deed in the Past.

Two medals bestowed for bravery hung from the collar of Jim, a Great Dane, when he appeared in the West side court the other day, charged with having been unmuzzled in public, says the New York World.

Patrolman Joseph B. Ward, attached to the health department, said he had seen Jim in a car without a muzzle. Jim would not let the policeman come near when an attempt to serve the summons was made, Ward testified.

Harry Gilpin, a druggist, told the magistrate about Jim's heroism. Mr. Gilpin and his daughter were asleep in their house one night in 1916, when a fire started. Jim was running up and down outside when the firemen arrived. He failed to make the firemen or the crowd understand what the trouble was. So he darted into the smoke and fire and dragged out first Mr. Gilpin and then Miss Gilpin, both overcome.

For this Jim received the Spiers medal that year and Miss Gilpin gave him another. Recently the Alps club of Riverdale honored him.

"A dog that is as brave as you are deserves consideration," Magistrate Nolan said, "but you weren't muzzled and you resisted the officer. Fine \$1." Jim carried the bill in his mouth to the clerk of the court and took the receipt back to Mr. Gilpin.

# Telephone Service Is Getting Back to Normal

Two years ago you were getting good telephone service.

Then war came.

Many of our trained men were called into military service.

The abnormal demand for women employees in other lines of work caused considerable shifting in our operating forces.

These conditions, coupled with the inability to get equipment promptly caused unsatisfactory telephone service in many localities.

Now we are getting back on a pre-war basis.

Manufacturers are supplying us with telephone equipment more promptly now, although we are paying much higher prices than before the war.

With the abnormal demand ended for women workers in other industries there is now more stability among our operating employees.

Our trained men are gradually being released from military service and resuming their old positions.

As the supply of labor and equipment becomes more and more normal, telephone service is steadily improving.

## She Finds Herself Much Better

Lame back rheumatic pains stiffness and soreness in muscles and joints can be quickly relieved. Mrs. L. Wavue, 2726 3rd St., Ocean Park, Cal., writes: "I used to have pains in my right hip. I could hardly turn in bed. Now I find I am much better by using Foley Kidney Pills. Likewise pains in my back left." H. P. Dunn, druggist.

## DISPATCH WANT ADS PAY

Takes Hold and Holds

Marie Heisler, Freeport, Ill., writes, "I had more or less of a cough for 10 years and I have taken quite a number of medicines. None of them takes hold and helps like Foley's Honey and Tar." This old, reliable cough syrup promptly helps coughs, colds, croup and whooping cough. Contains no opiates. H. P. Dunn, druggist.—Ad mwf

# HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

# Better than Pills

YOU WILL NEVER wish to take another dose of pills after having once used Chamberlain's Tablets. They are easier and more pleasant to take, more gentle and mild in their action and more reliable. They leave the bowels in a natural condition, while the use of pills is often followed by severe constipation, requiring a constant increase in the dose. Every bottle guaranteed by your druggist.

# Chamberlain's Tablets

## Navy Officer in Charge of Trans-Atlantic Flight and Inventor of Powerful Propeller

COMM. J. H. TOWERS

C. M. OLMSTEAD

Although weather conditions delayed the start of the navy's NC squadron in its attempt to fly across the Atlantic, Commander J. H. Towers, who is in charge of the flight, utilized every minute in tuning up the huge planes and trying out various mechanical improvements. One result of the hold-up was to permit a thorough tryout of the propeller invented by C. M. Olmstead which will be used on the long trip. It differs from the ordinary propeller principally in its extra thickness at the middle. This photograph was taken at the Rockaway Point (L. I.) Naval Station, from which the planes will start for New Foundland, while Commander Towers and Mr. Olmstead were watching experts try out one of the propellers.
